AV SERVICE - QUALITY POLICY

We provide a quality and rapid service at a reasonable price - Value for Money.

Training those employees who have the experience and qualifications to achieve the company's business and quality objectives. Implementing and maintaining an effective and efficient Quality Management System based on the requirements outlined in BS EN ISO 9001 : 2000 - this also includes the implementation of a continuous improvement programme to minimise errors, waste and associated costs.

SPECIFICATION

The Health and Safety at Work etc; Act 1974, Electricity at Work Regulations 1989 (Regulation 4 (2)), requires the maintenance of portable electric appliances, so far as is reasonably practicable, so as to prevent danger. Following successful testing, a label will be produced and affixed to each appliance - indicating the Result, Date Tested and Re test. All defective appliances will be reported to the client who may authorise repair / replacement. A record of all tests will be submitted to the client and can be in the format of computer print-out, CDROM or 3.5" floppy disk.

FOR THE MORE TECHNICALLY MINDED THE TEST WILL INCLUDE -

The electrical test will include where appropriate:

- Visual inspection
- Flash Test
- Operation Test
- Insulation Test
- Earth Conductivity Test
- Earth Leakage Test

I am interested in subscribing to the above service (Tick Box)
